HOW TO ADD CAMERAS TO YOUR PHONE

ON YOUR NVR (CAMERA RECORDER)

You will need to login and access the menu/settings page (for example admin / admin1234)

Right Click then go to

Main Menu > NETWORK > P2P.

Ensure Enable is ticked and click Apply

Stay on this page.

NETWORK	—	3 A	\$₀ ,	2 0	LIVE	A. G - 53	
TCP/IP	1 Enable						
	To assist you in remo	tely managing	led				
	After enabling P2P a	ad connecting to Internet, we need to collect IP					
	address, MAC addres used only for the pu	s					
	If you don't agree to	o enable P2P function, please deselect the check					
	box.

SERIOUS

SECURITY

ON YOUR SMARTPHONE

Download the DMSS app from the app store

Open the DMSS app – skip any steps that ask you to make an account as account

Click on the + icon

Choose SN/SCAN

Scan the QR code (SN) from the monitor screen previously

Choose NVR from the Add Device page

Enter the username and password details as **admin / whatever password was used to login to NVR** Device name can be anything that you can remember

Save these settings and you should now see the CCTV on your phone
